

## Ready to Go File Facility Checklist

NC Child Care Rules .0607(c)(10) and .1705(b)(7)(A)(x) require that ECE programs have a *Ready to Go File* to ensure that all necessary information is available during an emergency. The *Ready to Go File* must be accessible during evacuation and shelter-in-place, and if safe to take it, during lockdown. Large facilities may want to have two or three *Ready to Go Files*.

Staff responsible for bringing the *Ready to Go File(s)* during an emergency should know where it is located. Mark the location of the *Ready to Go File(s)* on the facility floor plan.

<b>Forms / Documents</b>			√
Copy of Emergency Plan			
Contact information for individuals to pick up children: family members and those authorized in writing by the child's parent/guardian			
Each child's Application for Child Care
